- A. User assigned privileges
- B. Group based privileges
- C. Domain admin restrictions
- D. Time of day restrictions

Answer: B

Explanation:

The question states that the sales department has a high employee turnover. You can assign permissions to access resources either to a user or a group. The most efficient way is to assign permissions to a group (group based privileges). Then when a new employee starts, you simply add the new user account to the appropriate groups.
